

In pursuit of tomorrow

11 March 2021 • 4:30pm - 6:00pm CET

You are invited to our Global Client E-Event

As we emerge from 2020 which has shaken the global economy to its core and forced a reset of norms, how do we prepare to pursue tomorrow? Kevin Gaskell passionately believes that ordinary people can deliver extraordinary results if they are lured to believe in the goal and are offered the opportunity to participate.

What does practical leadership in a challenging market look like? How do we foster creativity in the face of digital chaos? How do we inspire and re-energise our organisations? Kevin will help us answer these questions and many more.

Registration fee: £10 (exclusive of VAT). Half of all registration fees will go to an international children's charity.
